**ALL CHURCH ATTENDANCE
RECORDS BROKEN BY JEWETT**

In point of popular attendance upon his preaching, the pastor of the Rev. Dr. John Henry Jewett, of the Fifth Avenue Presbyterian church, New York, now ended, broke all records that America has ever known. Those of Henry Ward Beecher in city war times, and of Phillips Brooks in Philadelphia and Boston, in regular pastorate and at Trinity church, New York, at Lenten seasons, which hold the records in the public mind, have been eclipsed. A church seating more in numbers than any of them, has been filled regularly, and from 1890 to 1900 the church doors were open as early as 10 o'clock for an 11 o'clock service, and 2:30 for one held at 3:30. During the last few weeks, at 10:30, more people were outside clamoring at the doors, and the church would have filled, already filled in every seat.

**CALL FOR MORE CHAPLAINS
MAKES MANY YACHT CLUBS**

Congress having finally passed the measure increasing the number of army chaplains to one for each 1,000 enlisted men, the need for chaplains is being felt in many quarters. The measure was backed by both Protestants and Catholics, and in the past, chaplains have been appointed to the army in the most haphazard manner.

LIFT OFF CORNS, MAGIC! NO PAIN!

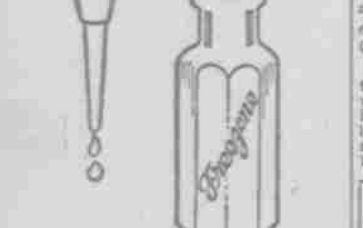

Drop Freezone on a touchy
corn then lift corn off
with fingers.

Drop a little Freezone on a scorching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt a bit. Yes, magic!

Why wait? Your corn sells a little bottle of Freezone for a few cents sufficient to lift your feet of every hard corn, soft corn, or corn without the toes and calluses, without surgery or irritation. Freezone is the most talked of discovery of a Cincinnati genius—adv.

OLD AGE A CRIME!

Some people are young at 40—red cheeks, ruddy and vigorous. Others are old at 40—jaundiced, beginning to stiffen up a bit, then beginning to lag and lose its springiness, occasional touches of pain in the back, feet tired without cause, and possibly a twinge of rheumatic pain.

In most cases these are the danger signals to warn you that your kidneys are not promptly doing their work, are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL HARMON OIL Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL HARMON OIL Capsules are imported direct from the laboratories at Harlem, Holland. Get them at your druggists. Do not take a substitute. In boxes three sizes—Adv.

Wanted: 200,000 Boys To Raise Pigs!

(Special Information Service, U. S. Department of Agriculture.)

Forty-Five Thousand Members of Pig Clubs—"Junior Soldiers of the Committee"—Produced 10,000,000 Pounds of Dressed Pork Last Year.

Pig Clubs for Town Boys, Too; And Girls Can Have a Part in Food-Producing, Money-Making Enterprise; Town-Grown Pigs Can Be Fed Largely on Table and Garden Wastes; Several Ways to Compete.

TWO hundred thousand boys and girls wanted to grow pork in pig clubs this year!

You can figure the contribution such a pig raising army might make to the meat supply by what 45,000 members produced last year—approximately 10,000,000 pounds of dressed pork. That contribution means that the pig clubs have an important part in the "more meat" program and specialists of the United States department of agriculture, aided by state club leaders, are endeavoring to reach the 200,000 goal in membership this year.

The boys and girls are responding to the appeal of the state and federal leaders assigned to club work, and indications now are that the goal will be attained. Bankers are helping large numbers of worthy boys and girls in pig clubs and are finding it a most successful enterprise.

The note of a pig club member always can be rated as "selfish" security, it is said. The pig club member is a crime against himself. If you have these symptoms you can find prompt relief in GOLD MEDAL HARMON OIL Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

Boy, Girl, Join A Club—Raise A Pig!

Will you raise a pig for soldiers and you, boys and girls in the suburbs who have space available? The United States department of agriculture is seeking to establish 200,000 boys and girls in pig clubs this year—"Junior soldiers of the committee." If 45,000 members of pig clubs produced 10,000,000 pounds of dressed pork last year, how much pork will 200,000 members turn in to the national larder in 1918? Every boy or girl who can do so should raise one or more pigs for Uncle Sam and thus furnish the meat supply for a soldier. Ask your county agricultural agent about this opportunity or write to the director of extension at your state agriculture college.

Trouble Besets The Only Reigning Queen

Wilhelmina of Holland, Whose Husband Is German, Hopes the Little Princess Juliana Will Rule Over A Free People

THE great war is proving to be a bad thing for kings and queens. Probably in the end it will lead the way to the abolition of absolute power. Already it has succeeded in making the most powerful ruler of the world an exile with less to say than the most unlettered serf—that deposed potentate is Nicholas II, once czar of the Russians.

Also living in exile is Constantine of Greece, whose wife is a sister of the Kaiser, and as such an apostle of German frightfulness and an advocate of the domination of the German military caste over free peoples. Driven from Belgium for quite a different reason was King Albert. If all royal rulers were like this heroic prince, there would be no need for repentance, for Albert in opposing the ruthless demands of the Prussian war lord set an example in the battle for freedom that the whole civilized world has made his own.

There is only one reigning queen in Europe and she is Wilhelmina of Holland. "Unhappy lies the head that wears a crown," said Shakespeare, and the trouble of the queen of Holland are daily assuming larger proportions. Married to a German prince, Heinrich of Mecklenburg, she has one daughter, Juliana, now 8 years old.

Whether this little girl ever ascends the throne depends on many things. So far Holland has maintained her neutral position in the war, but she has the example of ravished Belgium as an object lesson in case she should ever decide to offend the future.

That her husband is pro-German there is small doubt, for as the daughter of Russia said, "vices a German always a German." But so far in spite of his open leaning toward the Kaiser, the emperor at the queen has done nothing to embroil Holland with the Allies. Indeed, it is doubtful if he would be allowed to do so, the Dutch are extremely jealous of their liberties and resentful of interference.

But as the war progresses and the burdens it imposes increase, queen Wilhelmina finds her position less and less to be envied.
